Declares that the new PPE described below :

P393

Is in accordance with the following requirements:

Council Directive 89/686/EEC of 21 December 1989 on the approximation of the laws of the Member States relating to personal protective equipment OJ No L 399 of 30 December 1989.

Modification: Directive 93/68/EEC (CE Marking), Directive 93/95/EEC (OJ L 276 of 9 November 1993), Directive 96/58/EC (OJ L 236 of 18 September 1996).

EN ISO 13688:2013 Protective clothing - General requirements.

EN 342:2004 Supersedes ENV 342:1998, Protection against cold (temperatures lower than -5°C).

This standard specifies the requirements and test methods for garments and clothing combinations (overalls or two-part suits) designed to protect the wearer in a cold environment (characterised by a combination of humidity, wind and an air temperature lower than -5 °C).

The standard does not contain any specific requirements for head, hand or foot protection.

PPE (personal protective equipment) means any device or appliance designed to be worn or held by an individual for protection against one or more health and safety hazards.
